Submitted Assessments

You have not yet submitted any assessments.

Note: If you submit your test using the **View Site As** option, you won't see your submission listed in the Scores screens for grading. Using **View Site As**, you WILL be able to see all [feedback](#) you have made available to students that does not require manual grading.

Tip: If you'd like to be able to grade your own submission to the test as an instructor, you'll need to submit the test after logging in with a fake "demo student" account. Often, instructors will enroll a fake "demo student" account in the site so that they can log in as that user to submit items and practice grading them.
