

# What is the Home Information Display?

In the Home area may be customized by your institution to display information for all users. The Home Information Display often contains static information, unlike the announcements in the Message of the Day area that may change more often.

## View the information display.

The screenshot shows the Sakai user interface. At the top is a dark blue header with the Sakai logo and search, share, and user icons. Below the header is a navigation bar with tabs: Home, Discussion 1 SMPL101, TEST 004, TEST 003 015 Summer 2020, and TEST 002 025 Spring 2020. On the left is a sidebar menu with options: Overview (selected), Profile, Membership, Calendar, Resources, Announcements, Worksite Setup, Preferences, Account, and Help. The main content area is titled 'OVERVIEW' and contains two sections. The first section, 'Message Of The Day', has a 'Link' button, a 'Help' button, and a 'DI' button. The second section, 'Home Information Display', is highlighted with a red border and contains an 'Edit' button, a 'Link' button, a 'Help' button, and a 'DI' button. The text in the 'Home Information Display' section reads: 'Welcome to your personal workspace. In Sakai each user has an individual worksite called "Home". Home is a place where you can keep personal documents, create new sites, maintain a schedule, store resources, and much more. The default information displayed here for a new user can be modified by the Sakai Administrator by editing the file sakai.properties configuration value "myworkspace.info.url" to point to the HTML file desired.'
