How do I embed an mp4 video in a text box?

MP4 videos can be embedded in a text box using the **Rich Text Editor**. Other file types that can be embedded in a text box are .FLA, .F4V, .3GPP, .M4V, or .MOV files.

In the text box, position your cursor where you want to embed the mp4 video.

Click the Insert/Edit Movie icon.

Drop files or paste URLs or clipboard images.

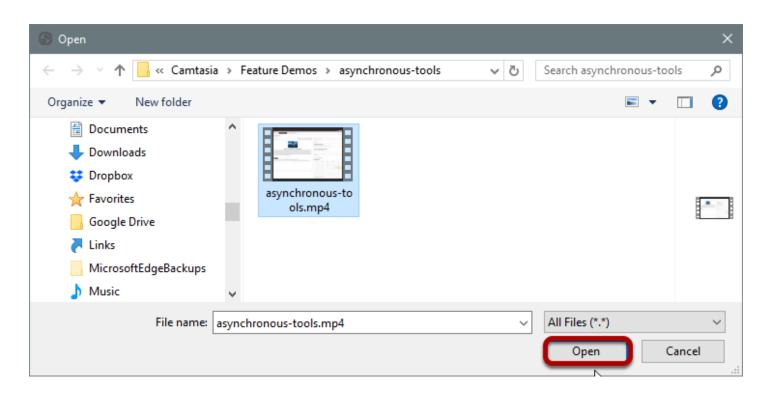

Or, click Select files.

This displays an upload file dialog box.

Locate and select the mp4 video file that you want to embed in the text box.

Once you have located and selected the file, click **Open** to upload it.

The file will upload.
